

Acquire the equipment you need now with our great leasing and asset finance options

Equipment leasing and asset finance is a great way to overcome cashflow restrictions and obtain the equipment you need now, typically equipment lease and asset finance agreements are spread over 24, 36, 48 or 60 month term, criteria being met.

Our easy equipment leasing process:

Step 1 – Decide on the equipment you want.

Step 2 – Obtain a lease quote *(we will do this for you)*.

Step 3 – Get approved (criteria being met) *(we will work with you on this)*.

Step 4 – Complete lease contract *(we will do this with you)*.

Step 5 – Equipment delivered.

Benefits:

- Conserve cash.
- Fixed monthly payments.
- Reduce equipment obsolescence risk.
- Upgrade equipment during or at contract completion.
- Easily add more equipment when required.
- Generally, no down payment or deposit is required.
- An equipment lease or asset finance agreement you understand.
